T-Series WORKBENCHES

Technical Specifications:

T-Series workbenches must be connected to a VANTERM central filter unit.

CE

T-Series Workbenches are downdraft and backdraft tables which are designed for fume and dust extraction of welding and grinding applications.

T-Series Workbenches are not suitable for use with explosive dust, gas and liquid particles. If you have such a dust, please contact VANTERM for detailed information and technical support.

OPERATIONAL SAFETY

- Ideal working condition for operator with both down and back draft air suction.
- The dirty process air extraction balance can be easily adjusted by the operator, between down- and back-draft from 0% up to 100%.
- T-Workbench has integrated spark separator inside which minimizes the fire risk at the central filter unit, by separating the hot - big sparkling particles.
- Lighting with IP65 protection class.
- Low pressure loss.
- High loading capacity. (Approx. 20kg/m² when uniformly distributed.)

ERGONOMY - EASE OF USE

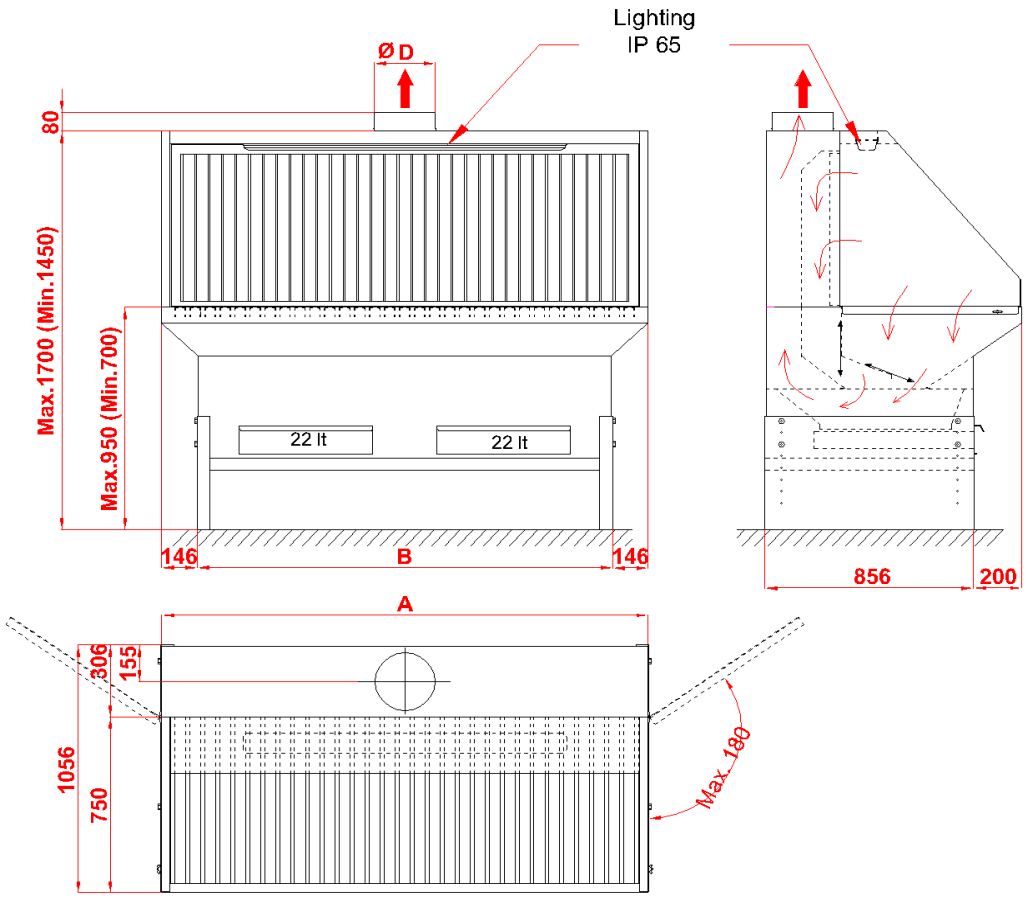

- T-series workbenches must be connected to a central VANTERM extraction system.
- Adjustable table height (H:700-950mm) and ergonomic work surface lighting with IP65 protection as standard.
- With Isolated swivelable side walls, easy adaptation to long work pieces.
- Easy access and maintenance to components solely on front side.
- Easy maintenance with high volume dust trays.
- OPTIONAL, wood-bars to create a work surface for sensitive work pieces.
- Very easy interchangeable wood-bars and steel bars, depending on the work pieces.

T-Series workbenches with optional wood bars.

Side wing of T-Series workbench.

Description	T-1000	T-1500	T-2000
A (Table Width)	1000 mm	1500 mm	2000 mm
B	708 mm	1208 mm	1708 mm
ØD	200 mm	250 mm	280 mm
Dust Drawer	1 x 22 liter	1 x 22 liter	2 x 22 liter
Recommended Air suction vol.	2000-2600 m^3/h	3000-3800 m^3/h	4000-5000 m^3/h
Pressure loss of workbench	110 – 190 Pa	110 – 190 Pa	110 – 190 Pa
Net Weight (Steel Surface)	245 kg	335 kg	420 kg
Net Weight (With wood bars)	262 kg	361 kg	455 kg
Lighting (IP-65)	1x14W – 663 mm	1x28W – 1273mm	1x28W – 1273mm

- T-series workbenches must be connected to central ducting system.
- Easy to access the dust drawers.
- Standard units are designed for Indoor use only.
- As Optional for sensitive work piece surface qualities, T-series can be equipped with wooden bars for top surface.
